

## **NEWS RELEASE**

**FOR IMMEDIATE RELEASE**

### **UPCOMING FIELD TRIP FOR STUDENTS TO ONTARIO'S FIRST 10kWh SOLAR PV SYSTEM**

(LaSalle ON, Feb 1, 2010) Essex Energy has designed and installed one of Ontario's first 10kW Solar PV ground mount "microFIT" systems. St Mary's Elementary of Maidstone and St.John's Woodslee Elementary, grade six students will be visiting Essex Energy's Solar PV Site in Woodslee.

The field trip is scheduled for 1:00 p.m. on Thursday February 4<sup>th</sup> 2010. The home of this one-of-a-kind site is, 2155 Myers Rd., Woodslee ON.

Essex Energy and Ag Energy Co-operative joined forces to offer a full turn key solutions for 10kW Solar PV Ground Mount System for the agricultural and municipal sectors across Ontario.

Students will have the chance to explore the Solar PV site and learn first hand about renewable energy from representatives from Essex Energy and Ag Energy.
